Hey there!

We are hosting the AWS BuilderWars Hackathon in 2026, and are looking for companies invested in Michigan's future Software Developers to partner with us! This is the AWS Student Builder Group's hackathon at Wayne State, and we are hosting it in-person at Newlab Detroit.

Overview

A Hackathon is a competition where teams of students get together to build a software project in a short time frame. At the end, teams present their design philosophy, process, and results to the other participants and a panel of judges to determine which project wins!

Hackathons are a great way to get in touch with top job candidates who are passionate about development. They are also an essential step for Computer Science and Electrical Engineering students towards career readiness. We are expecting around 100 participants.

50+	24	1st
Participants Expected	Hours of Hacking	Annual BuilderWars

We'd love to have you join us in building the next generation of cloud talent at Wayne State.

Packages

Tier	Donation	Perk(s)
Bronze	$500–1500	• Presence in opening and closing ceremony slides • Company logo on the AWS Student Builder Group website homepage • Access to post-event reports, including analytics on engagement and feedback
Silver	$1500–2500	• All Bronze Tier benefits • Dedicated thank-you slide during opening and closing ceremonies • Host a workshop or breakout session relevant to their industry • Opportunity to create sponsor-specific awards/prizes and present them during the closing ceremony
Gold	$2500+	• All Silver Tier benefits • Prioritized positioning on website homepage • Option to feature a banner ad during the ceremonies • Space to set up a table at venue for recruiting talent • Opportunity to present a keynote or participate in a panel discussion
	All donations are tax-deductible	

Process

Sponsoring AWS BuilderWars is super easy and only takes a couple of minutes.

1. Visit https://giving.wayne.edu/donate
2. Select “Other” designation and type the following: “College of Engineering - Amazon Web Services Student Builder Group at Wayne State University”
3. Fill in your name, company address, email, and complete the payment

Alternatively, you can follow more detailed steps outlined here:
